They are unable to give the answer because they are not at all interested in sorting out these problems. As we are discussing to find out why women don't like average men, we need to know what actually they are looking for. We can make a list that includes looks, your ability to adapt to something, power, value, emotional connections, ambitions, and dependability along with self respect, etc just to name a few. The list seems to be scary but they are absolutely needed. &nbsp; Let us take the first point that is related to looks. For almost all of us, women are just something to see from a distance. Truth is that it does not depend on the shape, or size of her body or the dress she is wearing; it depends on the art of grooming. You think not being able to be a metrosexual man is the reason why women don't like average men like you. Things are not like that, all you need to be is a little careful in your appearance – wear polished shoes, well ironed clothes etc. In case you are in a party then try to enjoy the party, and be polite with everyone. &nbsp; Have fun with your friends, and let people have fun with you – this is a very effective way to show your capability of being in the situation. If you do not want to be counted in the list of average men, then you need to have the strength to protect the lady. You need to be ready to act, be positive, and significant. You must have the quality to go along with the changing time, and there should be a commitment on whatever you say. Lacking these characteristics are reasons that women don't like average men. While presenting yourself in front of a woman, there should be something in you that makes you different from others. &nbsp; Do not opt for showing the difference by you; instead, make her work a little to feel the difference. Try to find out the emotional connections in your woman. By laughing at common things, and saying the same at the same time might help you out. You would not even know when the lady is going to notice these things in you, so you need to be careful while talking. Women don't like average men because of their inability of saying the proper thing at the proper time, and doing unnecessary cockiness. If you are cocky and funny, you need to be within the limit so that it does not create a bad impression on others. &nbsp; Watch FREE hidden camera pickup videos and discover how to approach, meet and get dates with attractive women at the shopping mall, the park, even the street! &nbsp; <http://tinyurl.com/4yruqq> &nbsp; &nbsp;
