

A Brand-new Approach to Dating in Vancouver B.C.

I live about an hour from Vancouver BC and my town is pretty small. I'm looking for a man that I can share a relationship with because I'm tired of spending my free time alone or with the same old boring friend (no offence guys). I've been dating in Vancouver BC lately, well not exactly dating, but I've been going out there cause that's where all the best clubs and stuff are right. So it'd be more accurate if I said, I'm trying to start dating in Vancouver BC. Dating in Vancouver BC is not as nearly as it sounds though, you'd think that in a city with such a large amount of friendly and available men, someone would pick me up. But no luck dating in Vancouver BC yet, I'll keep trying though, I'm not quitter, I mean, what do I have to lose...? Another lonely Thursday night watching leno? Exactly. If I can't just find my niche while dating in Vancouver BC I'm sure that I'll find the perfect guy. I've been to a lot of clubs, and I guess I just don't fit in, so I need to find a nice bar or something where I can act more natural then maybe some nice gentleman will come meet me and I won't feel so awkward cause I am more comfortable with my surroundings. Sounds like a good plan to me, that will be my new tactic for dating in Vancouver BC, the old, run up and dance beside 'em and hump their leg technique kinda failed, so, maybe I'll have better luck now with this new approach. I'll get back into the Vancouver BC dating scene now, maybe tonight, it is Friday, I think ill hit up this great little place I went to on my 22nd birthday, it has a good atmosphere.
